UI-Focused Fronend Developer with 10+ years of experience blending design and development. With a background in graphic design and a passion for refined, accessible interfaces, I thrive at the intersection of design and code — delivering elegant, performant user experiences. Seeking roles focused on frontend architecture, UI systems, and collaborative product design.

EXPERIENCE

Senior Frontend Developer, Dow Jones

Dec 2017 - Present

- Led frontend architecture and design execution for MarketWatch.com.
- Collaborated with designers to implement scalable, accessible UIs.
- Created internal tools and prototypes, improving editorial workflow efficiency.
- Advocated for and implemented design system standards across teams.
- Partnered across Dow Jones brands for UI consulting and code reviews.

Senior Frontend Web Designer, SportsEngine

Dec 2013 - Dec 2017

- Designed and developed responsive, accessible web pages for enterprise-level sports platforms.
- Translated wireframes and mockups into interactive components using HTML, CSS, and JS.
- Consulted on project discovery and scoping.
- Maintained brand cohesion across clients and internal platforms.
- Built long-term client relationships by delivering high-fidelity, performant interfaces.
